Action - Oriented News!

Introducing the Projects you can join or emulate now!
Please also bring these ideas to the attention of your Club and District leadership teams, so we can gain further support. For Projects needing Donations please be aware that tax deductibility is available for our projects for contributions from US and Australian tax residents.

US Resident Tax Deductibility

Australian Resident tax deductibility

Did you know that family violence is a problem for families with disabilities too? Children with broad spectrum Autism and Developmental Disabilities and their families are at high risk.

There is now a new effective low-cost program which can be rolled out in nearby countries, and which you and your Club can support, beginning now, for just US$250.

Do you have immigrant communities in your city or area? If so, you could offer them the new translations of our sister organisation's publication: *Guide to Prevention of Family Abuse in Australia* You can also change the references and localise it for your area. It has been translated into 6 different languages so far.

Our Global Grant for Trauma Capacity Building for Ukrainian Refugees in Poland needs the support of more Clubs and Districts!

We have a Host Club in Warsaw, and we have an expert implementing group in the form of Trauma Aid Germany and Trauma Aid Europe.

Will you help us to make this project a reality?

After a series of extraordinary Covid-related interruptions, we have now been able to schedule almost all of the capacity building trainings to finish in the first half of 2023.
The targeted communities have suffered badly from the 2019-20 bushfires, and then of course a Covid aftermath.
We have more exciting plans for 2023 which could use your financial support.
